

Diamond Certificate

Best Value Guarantee

Should you find an identical item offered under the same conditions of sale at a lower price within 30 days, King's Jewelry will refund the difference in price.

Money Back Guarantee

If for any reason you are not completely satisfied, simply return the merchandise in original condition with proof of purchase within thirty days for a full refund.

Lifetime Warranty Against Loss

Your diamond is warranted against loss from its original mounting for the lifetime of the purchaser, providing it is examined at least every six months by a King's authorized inspector and documented on this certificate. This warranty covers only loss which is incurred through normal wear and any unusual damage or accidental mishap will nullify this protection. Prongs must be intact and not separated, and any necessary repairs found during inspection must be made by King's Jewelry at the customer's expense. In the event of loss, King's Jewelry will replace your diamond with another of equal value. (\$5,000 maximum merchandise liability.)

Free Insurance Documentation and Guarantee of Quality and Value

Each King's registered diamond has been carefully selected and examined for cut, color, and clarity by trained gemologists using the latest scientific equipment.

Lifetime Trade-In Policy

Full value is guaranteed to you when you trade your diamond for a King's registered diamond of equal additional price.

Six Month Satisfaction Guarantee

If you are not completely happy with your diamond purchase, you have six months to exchange it for another item, or return in within 30 days for a full refund. A minimal sizing or restocking charge may apply. (Sorry, special orders may not be returned or exchanged.)

Free Lifetime Cleaning and Inspection

King's Jewelry will clean and inspect your Diamond Jewelry as often as you wish at any of our locations at no charge.
